**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I want to see competitive broadband providers in the market so that I can choose the best providers for me. I do not want to see monopolistic companies ruling the market. I feel that would only lead to higher prices and unfair competition from giant companies.

I say NO! to price hikes that will increase the cost of internet and telephone services.

Broadband service allows me unfettered access to the internet which allows me to exercise my right to freedom of information and expression.

I moved away from DSL to fiber which opened up a whole new world of information from the own home.

Please ensure my freedom to information and affordable prices remains a part of this great country of ours.

Respectfully submitted,

Jay Yoshioka
